PIXELBOT BOUTIQUE EXPERIENCE

We’re not just a box that takes pictures.

PixelBot is a boutique photo booth service that brings fun, style, and unforgettable memories to your event. Interactive, engaging, and powered by high-end tech, we ensure your guests are entertained while capturing beautiful, professional-quality photos.

ABOUT US

Hi, I'm Anne-Marie — proud co-founder of PixelBot, a family-run business specialising in "forever entertainment".

Every booth we use is built by my husband Tony, who brings the technical brilliance to our work. I personally attend every event, ensuring a smooth, warm, and joyful experience for everyone.

We combine personal care with professional results. From our thoughtfully curated props to our cutting-edge equipment, everything we do is designed to deliver an experience that's as reliable as it is memorable.

A Service To Be Proud Of

HIGH QUALITY EQUIPMENT

Cameras

We only use a combination of DSLR and mirrorless cameras – no webcams here! These offer sharp, vibrant, and detailed images that look great both digitally and in print. Your memories deserve the best quality.

Printers

Our dye-sublimation printer produces fast, high-resolution prints on the night. Guests walk away with beautiful, lasting keepsakes.

Props

We're always sourcing fun, quirky, and stylish props. From themed accessories to classic crowd-pleasers, they help guests express themselves and create standout photos.

MARSHMALLOW

Our 3m x 3m x 2.6m white inflatable booth offers a private, glowing space where guests can truly let loose.

The interior lighting ensures evenly lit, studio-quality photos.

The enclosed design gives guests privacy, which often leads to funnier, more natural shots. It sets up quickly – perfect for any event.

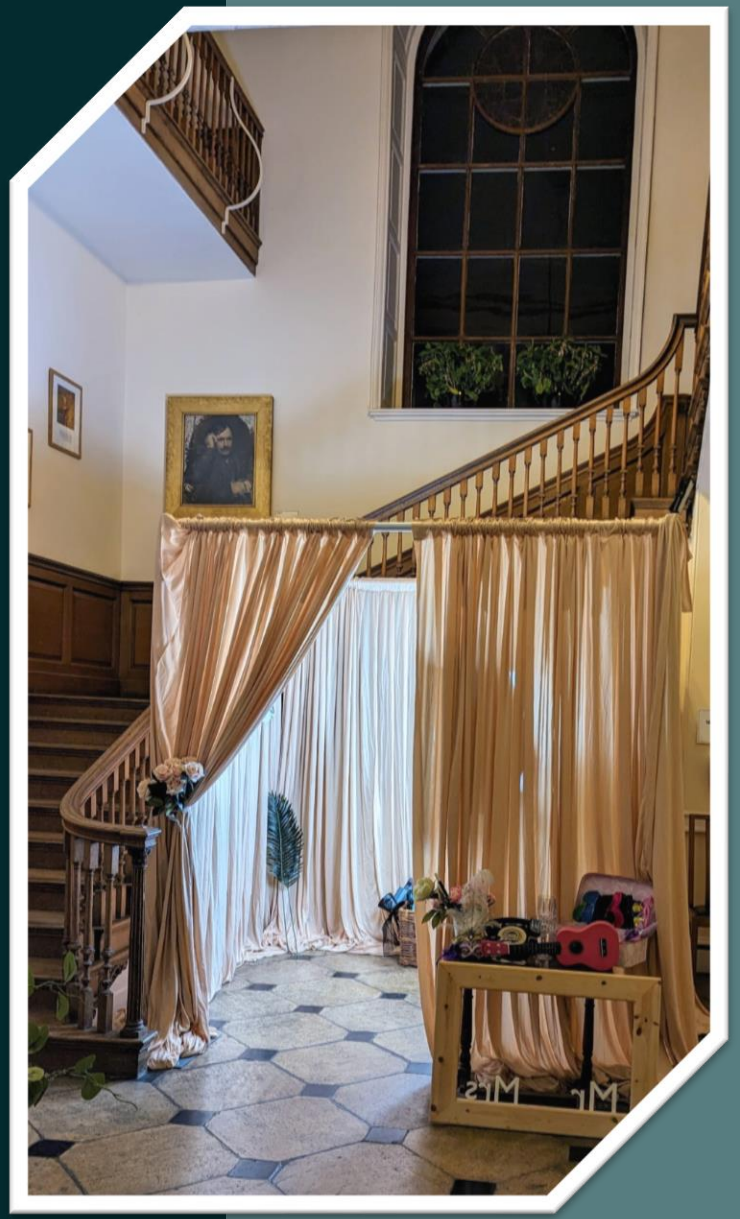

CLASSIC DRAPE

Our classic drape photo booth uses a more sophisticated style to create a flexible, stylish setup.

Whether you want a clean backdrop or to frame a natural wall at your venue, our system adapts beautifully to the space.

It’s perfect for larger group shots and adds a visual feature to the room – it can be sized for small spaces or to span entire walls. .

CUSTOM PRINTS

We design your photo prints to match your event perfectly.
Before the big day, we'll work with you to create a custom layout for your prints, tailored to your theme, colours, or style. Choose from classic 4×6 prints or fun photo strips, with the option to include multiple photos on each print.
All prints are produced on our professional high-quality printer, giving your guests a beautiful keepsake to take home on the night.

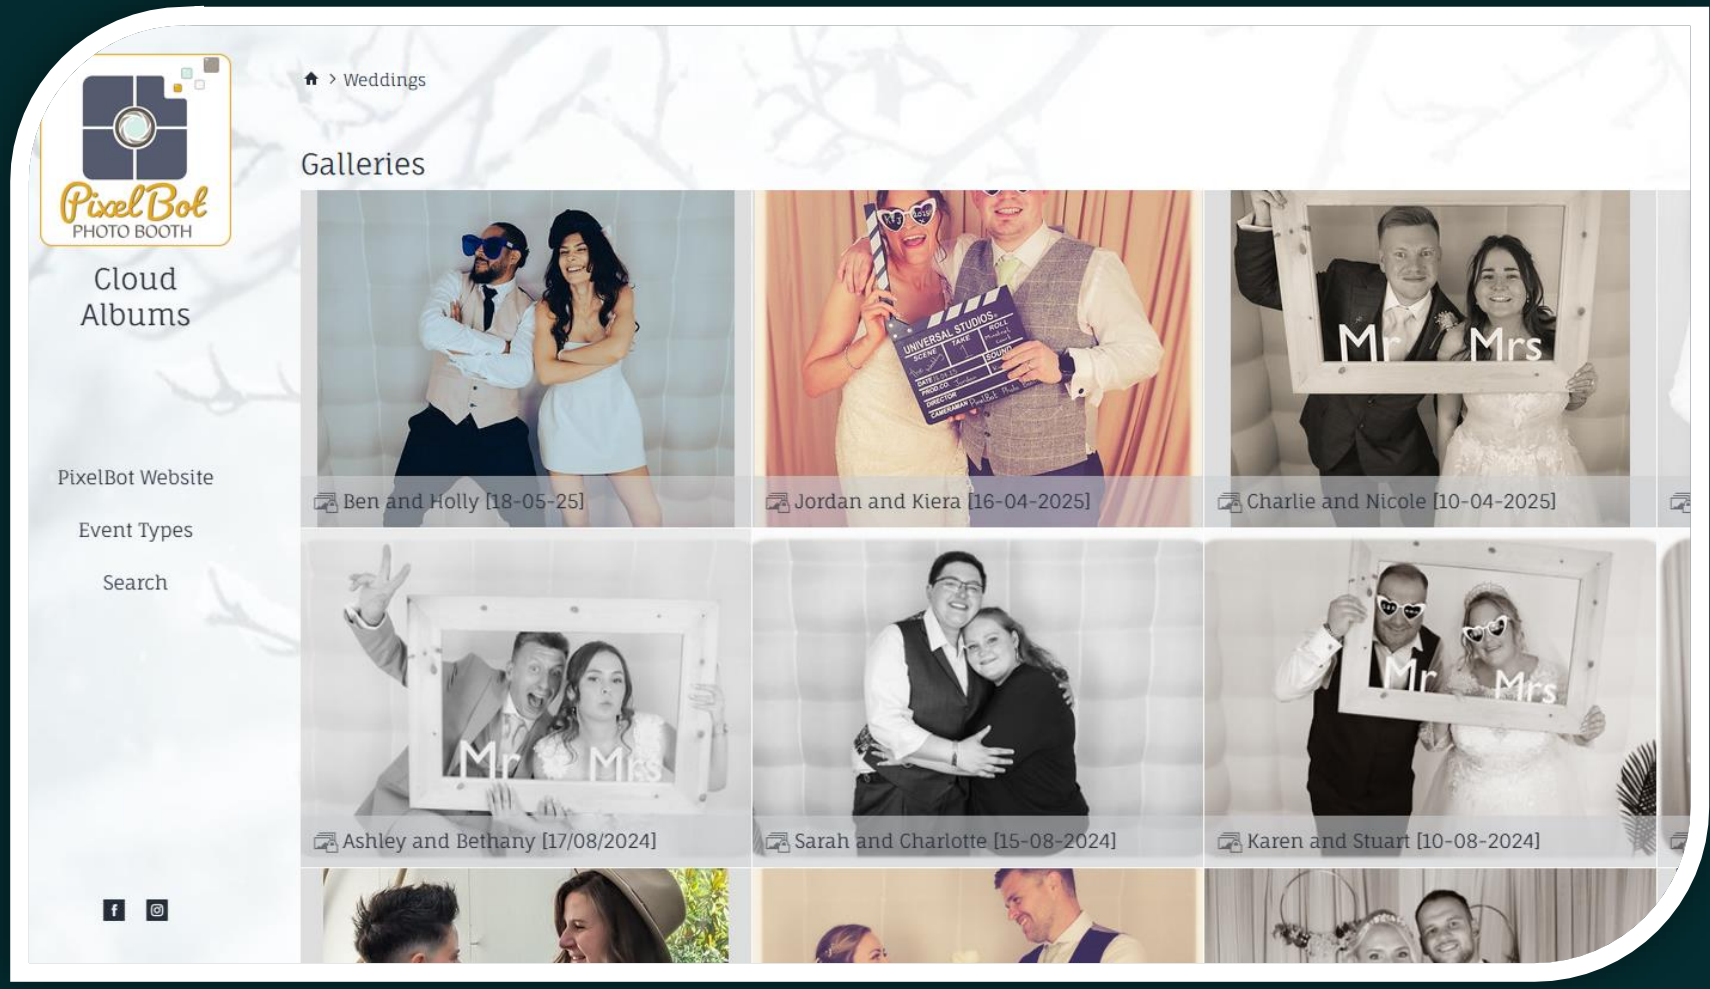

Keepsakes worth keeping.

PIXELBOT CLOUD

Every event includes a secure, dedicated online gallery where we upload all your photos, boomerangs, and videos. Guests can also upload their own images straight from their phones.

The gallery is password-protected and easy to share. Guests can contribute by scanning a QR code at the event – bringing everyone's memories together in one place.

Enjoy unlimited free downloads and seamless mobile access.

Secure | Guest Uploads | Mobile Access | Free Downloads

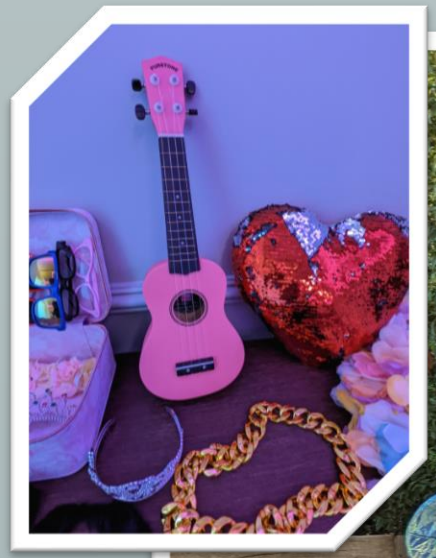

Take a photo on your phone or tablet → Scan QR code or visit webpage → Select photos/videos you wish to upload to the Cloud → Enjoy all content in one place!

PROPS

No photo booth is complete without a set of props to express yourself and we aim to please.

We have a large selection of props available to suit all types of parties. Props include: Inflatable Musical instruments, Hats, Wigs, Head Pieces, Coloured Glasses, Quality Props on Sticks, Emojis, Word Boards, and many more.

We can also provide bespoke props on request which can be very useful for specific themes or event-related items.

THE BOOTH

Photos & Video Messages – All From One Booth

Meet our new Photo & Video Booth – designed to give you even more ways to capture the fun, laughter and memories from your special day. Your guests can enjoy everything you love about our Photo Booth, capturing high-quality photos and creating fun memories together. And, as an optional add-on, the very same booth can also capture heartfelt video messages from your guests.

No separate video guest book setup is needed. Our new technology allows us to seamlessly switch between photos and video, giving you the best of both experiences from one beautifully designed booth.

From hilarious messages and funny stories to heartfelt words from the people closest to you, your Video Guest Book creates a truly personal keepsake to look back on for years to come.

One booth. Two ways to capture the memories.
